diamond disc masonry saw

▶▶ DAKAR Mekano MASONRY SAW

This innovative saw is an invaluable tool on any construction site, easily cutting a wide range of materials from concrete blocks, tiles and terrazzo, to bricks, granite, marble etc. The cutting tool is a diamond disc powered by an electric motor and water cooled by a closed circuit pump. The Dakar is 100% configurable and adjustable, resulting in increased productivity on-site by allowing the user to easily choose cutting length and height as well as 45 or 90 degree cutting options. Components are manufactured from top quality stainless materials making the Dakar a highly functional and durable tool.

Features:

- Manufactured from high quality stainless components
- Anti corrosion epoxy polyester coating
- Steel chassis minimises vibration when cutting
- Detachable legs and handles allow for easy transport and storage
- Water cooled, diamond disc
- Closed circuit electric water pump with constant water flow
- Anti splash screen
- Easily adjustable head
